INTRODUCTION · WELCOME

Welcome to our home

Treurer is the former estate of the treasurer of Algaida. Our garden is an olive grove: its carefully tended trees give the estate a noble atmosphere that conveys both peace and an overwhelming energy.

The production of extra virgin olive oil is a traditional agricultural practice in Mallorca. Every day, we care for the trees as what they truly are: Treurer's greatest treasure.

We wish you a wonderful stay and are here to make sure you have one. The entire Treurer team thanks you for choosing us.
